“ My brother Donald was my body guard as I was my parents smallest son & i'm just one year younger than him.. I have so many great memories.. Here's one.. Donald was like my father when it came to mechanics.. when we were young adults I had a gas powered scooter & Donald would keep it fixed & tuned up. It lasted for years until someone stole it from me..  
My brother Donald also kept a very neat & clean home...

“ My memories are what I have left, and a lesson I will not forget. The time has come when time is no more and all that's left was once before. The memories so dear and true, those memories of me and you. Although we fell and stumbled at times, all those hills were necessary climbs. All the times when your heart shined through, Are the greatest memories I have of you. I will always remember you, brother of mine in my heart I will keep you, so I will be fine. I will go forward with my head up high it might be hard, I cannot lie. But in my heart you will be, moving forward, you with me.
